HAYES STILL AHEAD!

MAJORITY OF 21 VOTES!

Correct Returns to be Had—By the
Bayonet if Necessary.

New York, Nov. 10.—The Democratic Central Committee claim South Carolina has gone Democratic by a small majority and Louisiana by something under 10,000.

The Post has a special from the Internal Revenue Collector at Jacksonville, dated 2:55 this morning, saying that Florida is certainly Republican.

Augusta, Ga.—Ten companies of the troops stationed at Aiken leave for Tallahassee this afternoon.

New Orleans.—The Republican gains in this city over the vote of 1874 is 3,000.

Charleston.—The News and Courier say positively that Tilden's majority in South Carolina will be 1200.

Chicago.—There is nothing from Republican sources to lessen their claims to South Carolina.

Philadelphia.—President Grant telegraphed at noon to Gen. Sherman directing troops to be sent to Florida and Louisiana to Generals Ruger and Auger, with instructions to insure a fair count of the election returns in those States and prevent, at all hazards, interference from either party. Perfectly fair counts must be had. He also urged that fair and influential men of both parties go to these States and use their influence to preserve peace and justice.

New York.—The Post dispatches from the Chairman of the Republican committee of Florida say: "We have elected our National and State tickets sure. That counties heard from show a Republican majority of 4,754 and that the remaining counties in 1874 gave a net Democratic majority of 2,917. Should that vote be the same this year the Republicans would have the State by 1,837.

The Herald says full returns from 23 counties in Florida give the State to Hayes by nearly 5,000.

New York, 11:30 A.M.—The Herald has just bulletined the following: "Full returns from 23 counties in Florida give Hayes nearly 5,000 majority. Republicans claim that Hayes will carry the State by nearly 12,000.

Chicago.—The greatest excitement prevailing now ever known on similar occasions. Betting is two to one on Hayes. One bet has been made of \$5,000 to \$2,000 that Hayes is the next President.

New York.—The Tribune says the following is the latest news and comments furnished at headquarters of the National Committee: Information from Louisiana and Florida shows that the White League and Ku Klux are making raids on the ballot-boxes of canvassers. This, of course, proves that they have lost these States. Governor Kellogg and Governor Stearns are informed that leading friends of Tilden are on their way to Louisiana and Florida, and they invite prominent men of national reputation of both parties to be present. They ask that the situation and facts be thoroughly known. They say: "We know we are right, and will stand or fall by the record."

Lyon county gives Hayes a majority of 229. The Republican county ticket is elected, excepting the Senator, Recorder, Clerk, School Supt. Wren gets 168 majority in that county, and Leonard 160.

Storey county's vote is not yet counted. As far as the returns are made the Republicans are ahead.

New York.—54 parishes heard from either by telegraph or messenger; they give 7,500 majority, all official, except parishes of Angostea, West Baton Rouge and St. James, with 4 more parishes to Lear from, which taking the votes of 1874, will give a Republican majority of 595. This is from a Democratic source of information.

Washington.—The following telegram will explain itself:

To Gov. Hayes:—Have just returned from South Carolina, your majority is over 10,000. Signed, J. J. PATTERSON, U. S. S.

Washington.—Republican Committee has just received a dispatch stating Florida has gone Republican and that the returns are all safe on the U. S. Revenue cutter, where they cannot be tampered with.

Columbus.—General Wikoff, Chairman of the Republican State Central Committee, furnishes the following

information: The sixty-nine counties of Ohio heard from up to noon to-day show a Republican loss of 162 on Barnes' majority at the October election. The indications are that Hayes' majority will be about six thousand.

Boston.—Jules Briere hanged himself last night under the delusion that Tilden was elected President.

New York.—Peter Cooper is confined to his bed by illness.

A Portland (Oregon) dispatch says: Returns from Washington Territory indicate the election of Jacobs, Republican, as Delegate to Congress, by about 330 majority.

Full returns from twenty counties in Oregon show a Republican majority of 1,202. There are only three more counties to be heard from, two of which will offset each other and the third will give Republican majority. The accuracy of these returns can be relied on.

Chicago.—The Republicans have certainly carried Nebraska by about 18,000 majority.

Milwaukee, Wis.—The Republicans will have 18 majority in the Assembly and 11 in the Senate. The majority for Hayes in this State will not exceed 5,000.

Charleston.—This county gives the Republicans 6,214 majority. Nearly all the counties heard from officially or unofficially give Hamton, Dem., for Governor, 1,213 majority. The Democratic Presidential ticket is not out as much as was at first supposed, and it is not believed that Tilden will fall more than 400 or 500 behind Hampton. It does not appear possible for the Republicans to overcome the figures above given from counties not officially heard from.

The Post publishes a special dispatch from Gov. Chamberlain, dated Columbia, 1:42 P. M., that South Carolina is safe for the Republicans. It says: The Democrats claim the State on the basis of heavy reported majorities in three or four counties where the Republicans have heretofore had large majorities. If the Democratic majority appears on the face of the returns they are fraudulent, and the result of gross terrorism. But conceding the Democrats all which they claim in the counties not definitely heard from, and giving the Republicans only what we know we have, the final honest official result can not, in our best judgment, fall below 8,000 Republican majority (Signed) CHAMBERLAIN.

Anxiety Regarding the Franklin. WASHINGTON, Nov. 9.

Naval officers express very grave concern at the non-arrival of the Franklin with Tweed, and it is quite probable that the one of the fast sailing steam yachts will be sent in search of her.

New York, Nov. 10.

Captain Bernicker, of the ship Norman, who passed, off Sable Island, November 4, the steamship resembling a man of war and thought to be the missing United States steamer Franklin, bearing back the fugitive William M. Tweed, says he passed within three ships lengths of the steamship and noticed that the rolled heavily, as if waterlogged. He was positive her guns alone would not have caused her to roll so heavily. There was at the time a strong breeze, but the sea was moderate and no vessel in good condition would have been affected much by it. The steamer rolled from side to side so that her gunwales were almost or quite under water. It was a bright moonlight night, and his observations of the vessel's movements were as accurate as they could have been by daylight. The ship was making very slow progress, but the Norma being compelled to beat up against a head wind, the steamship was soon lost sight of. Captain Bernicker did not offer any assistance nor hail the steamer, as he was so near that if assistance had been wanted it would have been asked for.

New York, Nov. 10.

A Washington telegram states that Secretary Robeson, after consulting several naval officers last night, sent orders to Captain John H. Russell, commanding the U. S. steamship Powhatan at Norfolk, to proceed without a moment's delay in search of the Franklin and to tow her into port.

Tax orders for the United States steamer Powhatan to proceed in search of the Franklin have been revoked, but she is directed to be in readiness.

A Good Clean-up.—The Consolidated Virginia Friday made their final clean-up for the fiscal month which has just ended. The total shipments of bullion during the month have been \$1,735,989 69. This will pay the dividend of \$1,080,000 and leave \$255,989 69 to pay the current expenses of the mine.

The quantity ore taken from the bouanza mines during the week ending November 4th compares as follows with previous weeks:

Week Ending	Can. Virginia	California
October 7, 1886	2,391	2,128
October 14	2,340	2,426
October 21	2,488	2,308
October 28	2,399	2,081
November 4	2,143	2,117
Totals	13,058	14,975

Last week 3,374 tons was sent from the California mine to the mills, and 2,568 tons from the Consolidated Virginia. The ore breasts in both mines continue to look well. Little work has been done on the 1700-foot level in the Consolidated Virginia mine, owing to the presence of water and imperfect ventilation, both of which were expected to be remedied by this time.

The Dayton Mining Company have levied another of those modest assessments of \$100,000, equal to \$1 per share, delinquent in the Board December 5th and at the office a week later. The previous assessment was levied September 8th. Already \$500,000 has been paid in for account of the five assessments collected, and yet the stock is selling at the rate of \$450,000 for the whole mine.

At one time Thursday a telegram in Virginia City, announced the election of Tilden by 200 electoral votes. When it appeared on the bulletin board one jolly Republican asked another if they had not better put on mourning. "Mourning?" queried the other, "I'll be damned if I'll wash my neck again for a month, and then they'll take me for a Democrat and I'll be all right."

Mrs. T. S. UREN will receive pupils on the piano and organ. For terms, etc., apply at the M. E. Parsonage, West street. o24-1m
